

Engagement Reflection Sheet

<i>Engagement Event</i>	Grand Affair- Tour/Makers Activities	<i>Date</i>	9/13/15
<i>Location</i>	Tribune Building	<i>Time</i>	10:30am-12pm
<i>Participants:</i> <i>Age Range:</i> <i>Engaged Conversations:</i>	Community members, local makers (34 attendees signed in at tour)		
<i>Brief Overview:</i>	Offered a public tour at 10:30. Bristlebot creation with local makers from 11-12pm Demos from local Woodturner, wood carver, and wood burner 11-12pm		
<i>Staff Lead/Team:</i>	<ul style="list-style-type: none"> Corey/Jenna/Kyle/Chelsey 		
<i>Engagement Objectives:</i>	<ul style="list-style-type: none"> Allow public an opportunity to tour the space Engage public in Maker activities to learn more about what “makers” are and how they anticipate using the Tribune for maker activities. 		
<i>Key Learnings:</i>	<ul style="list-style-type: none"> Signage is a MUST. We were unaware of the layout for the event and we were boxed in by bounce houses and other things. Not sure how the tour was promoted as part of the overall event, however there were many residents wanting to view the building after the 10:30am tour. We could have done tours all day. The Maker activities would have been more visible on the front lawn. (power may have been an issue). Should have had building handouts/takeaways for the parents while the kids were assembling BristleBots. Dean/Ben did a great job with the kids, but very quiet and the addition of Richard was helpful as he is a teacher and was very engaged with the kids. Should have had more staff to promote the activities – lure people in 😊 Should have had a consistent “look” for our tables and connection between bristlebots and makers 		
<i>Language:</i>	<ul style="list-style-type: none"> The term “Makers” didn’t resonate with those who stopped by.
