

## The School at Altenburg's Farm

### WAYS YOU CAN HELP

**Help identify Lead Farmer** – Promote Lead Farmer opportunity through your networks and assist with identifying and recruiting potential candidates.

**Farm Operations Support** – Provide support to the Lead Farmer as a subject matter expert and/or with hands-on activities.

**Serve on Board of Directors** – We are recruiting 5-7 persons to serve on the initial Board of Directors to launch the School, including:

- Raising funds to support the School
- Overseeing development of School organizational structure (adopting initial articles of incorporation and bylaws; approving application for tax-exemption; and developing long-term plans)
- Overseeing hiring of the Lead Farmer to run the farm operations
- Overseeing development of the School's educational program, in cooperation with educational advisors
- Identifying potential partners for funding and joint programming
- Negotiating and monitoring arrangements with Altenburg's Farm

**Assist with Educational Program** – Develop educational programs by working on curriculum development, being a liaison to local schools, and assisting with student placement, management and mentoring.

**Participate in Fundraising Efforts** – Facilitate contact on behalf of the School to major funders (e.g., companies, foundations or government sources).

**Make a Donation** – Donate to support the start-up expenses of the School. Note that initial contributions may be made to the Farm School Fund at Incurage. Once the School becomes a legal entity, donations will go directly to the School.

**Serve as an Advisor** – Provide advisory support to The School at Altenburg's Farm and its Board of Directors.

Interested in being involved? Please contact Gus Mancuso, Incurage, [gmancuso@incouragecf.org](mailto:gmancuso@incouragecf.org); (715) 818-6187.
