

Lesson 10

Area: Listen

Title: **Music Mapping**

Objective: Students will connect music to listening.

Materials: CD with music selections (included with this curriculum)
Writing Utensil
Paper

- Activity:**
1. Give each student a blank piece of paper and a writing utensil.
 2. Play the 4 music selections on the CD. Each is of a varying style and will last for approximately 1 minute.
 3. Ask student to respond to what they hear (each song separately) by drawing and writing. Encourage responses that are genuine and reflect their feelings, but do not stress high quality or fine details.
 4. When students are have completed their reflections, ask them to share their work either in small groups or with the whole class.
 5. Hang the artwork around the room.

Closure: Discuss the following questions:

1. “Did you notice similar response to the same music selections?”
2. “What differences did you notice?”
3. “How does music express emotions?”
4. “How does listening to music compare to listening to people?”
